Il colore entra in cucina.

La cucina, come anche altri ambienti della casa, si veste di tonalità vivaci di tendenza anche nella moda. Ne basta una sola porzione per creare un ambiente giovane e allegro. Non mancano poi, le scelte radicali e forti che vedono protagonisti il rosso, il giallo e il blu: senza mediazioni, in concentrazioni lucide e assolute, capaci di dare carattere a tutta la casa.

Colour comes to the kitchen.

The kitchen, as in other home environments, takes on lively shades also from trends in fashion. It takes just one section to create a fresh, cheerful environment.

Nor is there any shortage of bold, radical choices with red, yellow and blue taking centre stage: without mediation, in glossy, absolute concentrations, capable of giving character to the whole house.

Look naturale

Vivaci colori dalle tonalità accese si contrappongono all'intramontabile bianco. La stanza da bagno dai toni neutri è particolarmente indicata quando il locale ha dimensioni contenute perché la maggiore luminosità crea anche un effetto visivo di maggiore spazio dando vita ad un'atmosfera particolarmente soft e rilassata.

Natural Look.

Lively colours in brilliant shades contrast with timeless white. A bathroom with neutral tones is particularly suitable for limited dimensions, since the greater light also creates a visual impression of greater space, generating a particularly soft and relaxed atmosphere.
