

PERSA

the stone collection

De apariencia pétreo y en tres colores diferentes, la serie Persa destaca por su exclusivo brillo. Éste es irregular por lo que en una misma pieza se consiguen sombras y luces, proporcionando así una sensación de mayor relieve tanto en el pavimento como en el revestimiento. Su tacto es inigualable y su imagen es el reflejo exacto de la materia.

With a stony appearance and in three different colors, the Persa series stands out for its exclusive relief adjusted to all its graphics, thus providing a sensation of greater relief both in the floor and in the wall tile. Its feel is unequalled and its image is the exact reflection of the material, reminiscent of slate.
