

Yonoh is a design studio founded in 2006 by Clara del Portillo and Alex Selma, in Valencia, Spain. Uniting their creative inquisitiveness they create work on product graphic and interior design. Yonoh works on projects that differ for their simplicity and functionality, designs that exude freshness and uniqueness. During its career Yonoh has been awarded with the most prestigious design prizes worldwide as Red Dot, IF design award, Good Design or Wallpaper* Design Award among others. Clara and Alex, industrial designer by training, developed their careers separately during years until they met on a young designers exhibition in 2004. At the end of 2006 they present their first collection as Yonoh, an ambigram that represents the bicephalus character of the studio. From 2014 they collaborate as associate teachers with the Cardenal Herrera CEU university in Valencia and give lectures and workshops around the world promoting the Yonoh way of work. In 2021, the studio celebrates its 15th anniversary, after receiving several awards throughout its history.

LINS by YONOH

New colours have been added to LINS by YONOH. As with the collection's existing colours, Navy, Green and Bordeaux's crisscrossing lines and interplay with light transform wall surfaces into huge murals. Instead of taking advantage of lines on different levels, "LINS by YONOH" focuses on their subtle delicacy, using shadow play on the 20x20 cm tile surface to trigger ongoing volumetric effects.

LINS by YONOH presenta nuevas tonalidades para su colección. Navy, Green y Bordeaux generan composiciones que, junto con el resto de tonalidades, juega con la luz para conseguir un efecto visual a partir de cruces de líneas, creando composiciones con las que generar murales infinitos. LINS by YONOH apuesta por la sutileza de las líneas en lugar de profundizar en el desnivel, consiguiendo así que sea la propia delicadeza de las líneas las que hagan juegos de sombras que generan volúmenes infinitos en formato 20x20 cm.
