— CEPPO

Creating something new is all about making things that are parallel to a common point in time or space. Nature evolves, slowly but inexorably, with its capricious forms being the result of fate and weather.

However, digital technology looks for a new and imaginary world and proposes new realities. In conjunction, 4 Stones, a manufactured type of nature, has a unique perfection but with a wild spirit.

Crear algo nuevo consiste en hacer que las cosas que se hallan paralelas se encuentren en un punto común en el tiempo o el espacio. La naturaleza evoluciona, lenta, pero inexorablemente, con sus formas caprichosas resultado del azar y el clima.

La tecnología digital, por su lado, busca un nuevo mundo e imaginario, propone nuevas realidades. En su conjunción, 4 Stones, una naturaleza manufacturada, de una perfección única, pero con espíritu salvaje.
